## PLUMBERS AND TINNERS CLOSE CALL COMMITTEES FIEND REPORTED TO BE GET REQUESTED RAISE FROM DEATH ARE NAMED IN MONONGAHELA VALLEY

### Two Classes of Employees Secure Advance in Pay as Asked

### PLUMBERS NOW GET \$5

### Affairs Unchanged on Two Car Lines Where Street Car Men Are on Strike

Plumbers and tanners of Charleroi and vicinity have secured an advance in pay as they presented a demand at May 1. The plumbers returned to work on Wednesday afternoon being off duty for several days. The tanners have been at work since Monday. Conditions on the Westside Electric Street Railways company and the Webster, Monessen and Belle Vernon Street Railways company where conductors and motormen quit work two weeks ago are unchanged.

Plumbers went on strike on May 1 to secure a raise of from \$4.50 to \$5 per day. Master plumbers after a little parley agreed to the increase. That means that any one having plumbing work to be done will have to pay for it at the rate of \$5 per day in addition to the fee for themaster plumbers and the price of the material.

Conditions in regard to the tanners and sheer metal workers are similar to those that apply to the plumbers only their increase in pay only brings their daily wages up to \$4.50 for an eight hour day. They asked for an increase of from 5¢ to 55 cents an hour.

Cars are running from early daylight to 11 or 11:30 o'clock on the two car lines on the west and east sides of the river. Trucks are being operated still on a regular schedule by the conductors and motormen. The traffic is being handled by these trucks. Next Tuesday, it is expected will be the real test of the strike, when the appearance of a large circus will draw large crowds to Charleroi from various communities fed by the two car lines.

### Arrange For Mother's Day

### Exercises to be Held Next Sunday at Charleroi Churches as Tribute

Sunday May 10 will be observed as "Mothers Day" and churches in Charleroi will observe it. The idea of a general observance of a day in respect to "Mothers" was first conceived by Miss Anna Jarvis, of Philadelphia and since the movement has been started, it has grown more each year. The second Sunday in May is the day decided upon and all wear flowers that day in honor of their mother. Governor has issued a proclamation setting apart May 10 as Mother's Day.

### STATE SENATE WILL CONTAIN NEW MEMBERS

When the legislature of 1915 meets there will be a large number of new faces in the state senate than at any previous time in the history of Pennsylvania. Fourteen of the present members have declined to register for re-election, two vacancies exist on account of death and no fewer than four of the men running for re-election are in grave danger of not succeeding themselves. As only one-half the senate—25 members—changes every two years, it will be seen that there is a strong likelihood of twenty brand-new state senators taking the oath of office next January.

### DONORA MAN WEDS CHARLEROI GIRL

Slipping quietly away Wednesday morning, Miss Minnie Porter of Charleroi and Zachariah Campton of Donora went to Pittsburgh Wednesday morning where they were married.

The wedding took place at the Seventh Avenue Hotel about noon. The bride who is the daughter of Mr. and Mrs. George Porter of Washington avenue is one of Charleroi's most popular and well known young ladies. She has been employed as a saleslady at the shoe store of Riggs and Riggs.

The groom is a highly esteemed young man of Donora being employed at one of the large mills at that place. The couple will return to Charleroi in a few days. They will make their home in Donora.

### Lineman Touches High Tension Wire—Now in Hospital

Clark Freshwater, a lineman employed by the West Penn Electric company on the construction of their lines through New Eagle and River view had a narrow escape from death today while at work on a pole. He is now in the Memorial hospital at Monongahela suffering from horrible burns sustained when he came in contact with a high tension wire carrying 2,200 volts.

Freshwater was up on a pole working with S. L. Sinks, who belonged to the same party. They were stringing a wire on a cross pole, when Freshwater by accident touched the high tension wire that leads to Finleyville. The current shot through his body. His companion, Sinks, cut the wire and Freshwater was lowered to the ground, where he was attended by a physician, and then removed to the Memorial hospital.

### CARNIVAL TO MAKE A VISIT TO WIRETON

The Great Harry C. Hunter shows are to open Monday afternoon May 11 for a week on the show lot near the bridge at Wireton. Among the leading attractions shown will be the gigantic motordrome; the Parker Carry-Us-All; Spiral tower descent by the Great Bertini on one wheel of a bicycle; Mlle. De Valois in her wonderful leopard act, the bug ferris wheel, ocean wave and swings for those who delight in famed currents of rarified air and a "Life on the ocean wave."

Fourteen other live shows are balanced by skilled orators. The Italian Royal Marine band fill in line with free and delightful concerts.

Doubtless Mr. Hunter—who is very well and favorably known in Monessen and Charleroi—will get his share of patronage. He certainly will not disparage or "knock" on any other show that may chance to drop in in the same territory, for he believes in "living an leading" life.

### VAUDEVILLE PROGRAM ANNOUNCED FOR PALACE

An excellent vaudeville program has been prepared for the Palace theatre, for this week. The program will be headed by Eclair and Gibson presenting an act entitled, "The Magic Band." Hoy and Hoyt, a team of vaudeville artists will entertain with singing, dancing and monologue. A high class novelty act will be given by Edward Baldwin, a whistler from the south. In addition to the vaudeville program a special motion picture, "A Romance of the Everglades" with Mable Trunell and Herbert Pryor, in the leading roles, will be shown.

### Married at Wellsburg.

Vaudeville at the Palace.

### Road Enthusiasts Asked to Meet Next Monday to Lay Plans

All kinds of committees have been named even a moving picture committee, a camera committee and a good weather committee.

### ARCHITECT NOW CLOWN WITH SHOW COMING TUESDAY

From the life work of an architect to that of a circus clown is a long jump, but one which was made by Fred Egner, principal clown with the Hagenbeck Wallace Circus which comes to Charleroi Tuesday, May 12 for two performances. For fifteen years was a past master of blue prints in his Chicago office. He was very successful and he drew the plans and superintended the construction of many buildings. One day a circus came to Chicago, and like hundreds of others, he thought he would have to go and carry the children. He watched the clowns and underneath their make-up he saw the seriousness with which they worked. It impressed him.

Leaving the show grounds he began to think about the clowns. He went to the public library and dug up books as far back as those which dwelt with the days of the circus in the Roman Coliseum. He read about "Grimalkin" and other ancient buffons. Then he began to work out stunts and tricks. He placed them on paper and developed them stage by stage. He found a veteran clown who assisted him in his work. Finally he got a job with a small circus at a still smaller salary.

But Egner liked the work; that of making others happy. The stunts he developed were really marvelous. They were totally different from ordinary clown's stunts. A scout of the Hagenbeck-Wallace circus saw Mr. Egner and immediately gave him a contract. For eight years he has been "clownin' for a livin'" as Mr. Egner tersely expresses it and apparently he is in love with the slapsticks.

It is a very difficult act that Mr. Egner can not get a burlesque of some kind on. Some of his stunts for this year are: "The Suffragette Parade;" "The Atlantic City Board Walk;" and "Broadway After Dark." Mr. Egner has forty-nine clowns assisting him in his work.

### Charleroi Police Search For Brute Who Killed Braddock Girl

### STRANGE FACES SEEN

### Peculiar Actions Noted on Part of Man at North Charleroi Today

Thorough search of Charleroi and North Charleroi and surrounding communities was made today by the police and town and township constables to locate a man answering the description of the fiend that slew little 8-year old Florence Dove of North Braddock the fore part of this week. In the widening search for this brute, clues have been received here that would indicate his presence in this vicinity. On Wednesday afternoon reports came from near the power plant along the Pennsylvania Railroad between North Charleroi and Bamford to the effect that a strange man had been seen acting suspiciously in that neighborhood. He had been seen dodging in and about the woods.

This morning a man rode a short distance on a Pittsburgh-Charleroi railway car, and got off at Allenwood. He acted in a strange manner. He showed an interest in Pittsburgh newspapers that seemed odd. After getting off the car he started up the hill, and later changed his mind and came toward Charleroi. Then trace was lost of the man. The report was carried to Chief of Police, C. W. Albright and he and Policeman Gust. Brickner started on a hunt for the man.

The fiend who committed the Braddock murder is described as a man five feet six inches in height, weight 160 pounds, dark eyes, swarthy complexion, no mustache, but needs a shave, and presents the appearance of an Italian.

Adding to the story was the report of a robbery that took place on the road to Monongahela this morning. Frank Haley, a driver for the New Furniture company of Charleroi told upon his arrival at Monongahela of being held up and robbed. He thought those in the party who held him up were gypsies and said two women went through his pockets while a man held a gun on him.

### UNUSUAL DETECTIVE DRAMA TO BE SHOWN

"The Diamonds of Destiny" is the title of a four part picture that is to be shown at the Lyric theatre Friday. The picture is one of the most absorbing and sensational detective stories ever produced. A notorious crook bribes a jeweler's clerk to give information concerning a set of diamonds. The crook aided by his sister and the clerk replace the box of diamonds by an empty box. The crooks are traced to a seashore town after being shadowed by a detective's assistant. The detective goes to the seashore and makes the acquaintance of a courtesan. Through a peculiar perfume used by the young lady the man learns that she is one of the crooks. The thieves are traced to their headquarters and the capture is made.

## THE OLD FENCE LAW

When the farmers of Pennsylvania  
exchanged the obligation to fence  
against their neighbors' cattle for  
the obligation of their neighbors not  
to permit their cattle to trespass on  
their premises, they lost at least as  
much as they gained, says the Punx-  
sawney Spirit. Before the repeal of  
the old law a fence was required to  
be "hog tight and bull strong," other-  
wise no damages were recoverable for  
trespass. It was a nuisance of  
course, to have marauding animals  
breaking into his fields and destroy-  
ing his crops. But the old-time farm-  
er had this advantage—he could turn  
his own cattle out and let them hurt  
a living in the woods, on the commons,  
and along the highways everywhere.  
Millions of acres of unfenced lands  
were open to everybody who wanted to  
raise cattle, sheep or hogs. The ani-  
mals would wander miles from home  
in many cases, but comparatively few  
were lost, and the result was that ter-  
times as many food animals were  
raised in the old days as at present.  
"The cattle on a thousand hills"  
then belonged to everybody. Now  
you never see them except when  
they are fenced in, and the average  
small farmer does not have sufficient  
pasture land for the purpose of rais-  
ing stock.

However, it is doubtful is one out  
of ten of the farmers of the State  
would be willing to return to the old  
system. Although wire fences are  
now cheap and effective a farmer  
does not like to feel that he must  
fence against all the domestic ani-  
mals in the community.  
But it is still a problem whether it  
would not be better for him to build  
fences and have the benefit of thou-  
sands of acres of unfenced lands as  
ranges for cattle and sheep, than to  
be obliged to confine them to a few  
small pasture fields.

## PICKED UP IN PASSING

The other day a Charleroi couple  
was packing to move, and the husband  
and wife were gathering the odds and  
ends from out of their medicine chest.  
"Here," said the wife, "is just about  
a dose left in this nitre bottle. Will  
you take it?"  
"No, I'll be hanged if I do," replied  
the husband. "What in the world do  
I want of a dose of nitre?"  
"Well," said the wife, "it won't  
hurt you any and it will save the med-

icine from being wasted. I hate to  
throw the bottle away with just one  
dose in it."

A three and a half year old boy who  
is the only child in a family of grown-  
ups in town has gleaned quite a  
vocabulary of big words. The other  
day a carpenter was fixing the front  
porch and the boy of course inter-  
viewed him and became very friendly.  
After awhile he went inside and said  
to his mother:

"Mamma, that man out there is  
generous."  
"In what way?" asked his mother,  
but the only information she could  
gather was to the effect that the man  
was "generous."

Presently the lad asked permission  
to go down street.  
"Why do you want to go down  
street?" asked his mother.

"To sound this penny," replied the  
boy.  
"Where did you get a penny?" asked  
the mother, who kept close tab on  
the juvenile's financial resources.  
"From the man who was gener-  
ous" was the reply.

Frank Schaeffer, of Philadelphia, came in wearing a straw thatchpiece. and was amazed to find the Western Pennsylvania straw hat date was May 15. But he handles himself well in ball togs.

President Wreath is making a real ball field out of Woodward Athletic park. He proposes in making his general improvements to lay a cinder trail from the railroad to the gate. A "floating diamond" is what President Wreath will have. No, Maude, it doesn't really float, but is just called that because of the use of a floating drag in preparing it.

### SATURDAY DATE FOR EXHIBITION GAME

The first chance that Charleroi fans will have to see the Charleroi club of the Pawva league in action will be on Saturday afternoon when at the Woodward Athletic field Wreath's club will play an exhibition game with the Pittsburg Collegians. Dick Guy is sending out the Collegians from Pittsburg.

This game on Saturday will be in the nature of a thorough try out and Manager Hank O'Day will then get a good line on the material that he has to develop for the coming season's league struggle.

The game on Saturday will start at 4 o'clock, the same time it is expected most of the season's games will start. This will enable most people to see them who work during the day.

President Wreath was busily engaged today in looking after the laying of a path from the railroad at Second street to the entrance gate at the ball park. He will place cinders there and make a good path. Carpenters have nearly finished their work, and painters will begin shortly on the work of fixing up the score board and other parts of the park requiring their attention.

### WOMAN WOULD NOT GIVE UP

**Though Sick and Suffering; At Last Found Help in Lydia E. Pinkham's Vegetable Compound.**

Richmond, Pa. — "When I started taking Lydia E. Pinkham's Vegetable Compound I was in a

dreadfully rundown state of health, had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache.

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. Pinkham's Vegetable Compound." — Mrs. FRANK CLARK, 3146 N. Tulip St., Richmond, Pa.

**Women Have Been Telling Women** for forty years how Lydia E. Pinkham's Vegetable Compound has restored their health when suffering with female ills. This accounts for the enormous demand for it from coast to coast. If you are troubled with any ailment peculiar to women why don't you try Lydia E. Pinkham's Vegetable Compound? It will pay you to do so. Lydia E. Pinkham Medicine Co., Lynn, Mass.

### PLAYERS GET THEIR FIRST HARD DRILLING

Manager Hank O'Day gave his recruits for the Charleroi Pawva league their first hard day's drilling to-day at the ball park, and for the first time was able to get some line on the ability of the players. Four men turned up this morning, bringing the total number now on hand for try outs 24. The field was the scene of much activity.

Fielding and batting practices was the order of the day. Players were

required to take their turns. The grounds were in much better shape today than they had been at any time since repairs were started, and with a little more warm weather they will be in excellent condition.
